Subject: USA/Canada Border Blockade Update

Good afternoon Sir,

Please find below a current update on the blockade at Coutts.

- Article 9 has been approved by the province.
- There are currently 24 commercial vehicles lining the northbound lanes and 24 commercial vehicles lining the southbound lanes of highway 4 on the main site at Coutts.
- Highway 4 southbound is currently blocked by 3 semi-trucks and 4 pickup trucks at Coutts.
- At CP 10, 18km north of Coutts, 19 semi-truck, 6 passenger vehicles and 8 RV's are at that checkpoint.
- Checkpoint 10 is being continually tested by protestors.
- CCMG continues to communicate with protestors and both CP 10 and the main site.
- Slow traffic rolls continue at several other spots across the province.

If you require anything else please advise.

Sarah

- haven't had an operator
Gregory since this morning in going back
A/Comer Ferguson.
